Ceramics, Glass, Metal Waste Example of collection twice per month

Sun	Mon	Tue	Wed	Thu	Fri	Sat
				1	2	3
4	5	6	7	8	9	10
11	12	13	14	15	16	17
18	19	20	21	22	23	24
25	26	27	28	29	30	31

 The first and third collection days mean the first and third days of the week in a month. (Orange days)

 The second and fourth collection days mean the second and fourth days of the week in a month. (Green days)

 There is no waste collection during the fifth week. (Brown days)

Where do your recyclables and waste go?

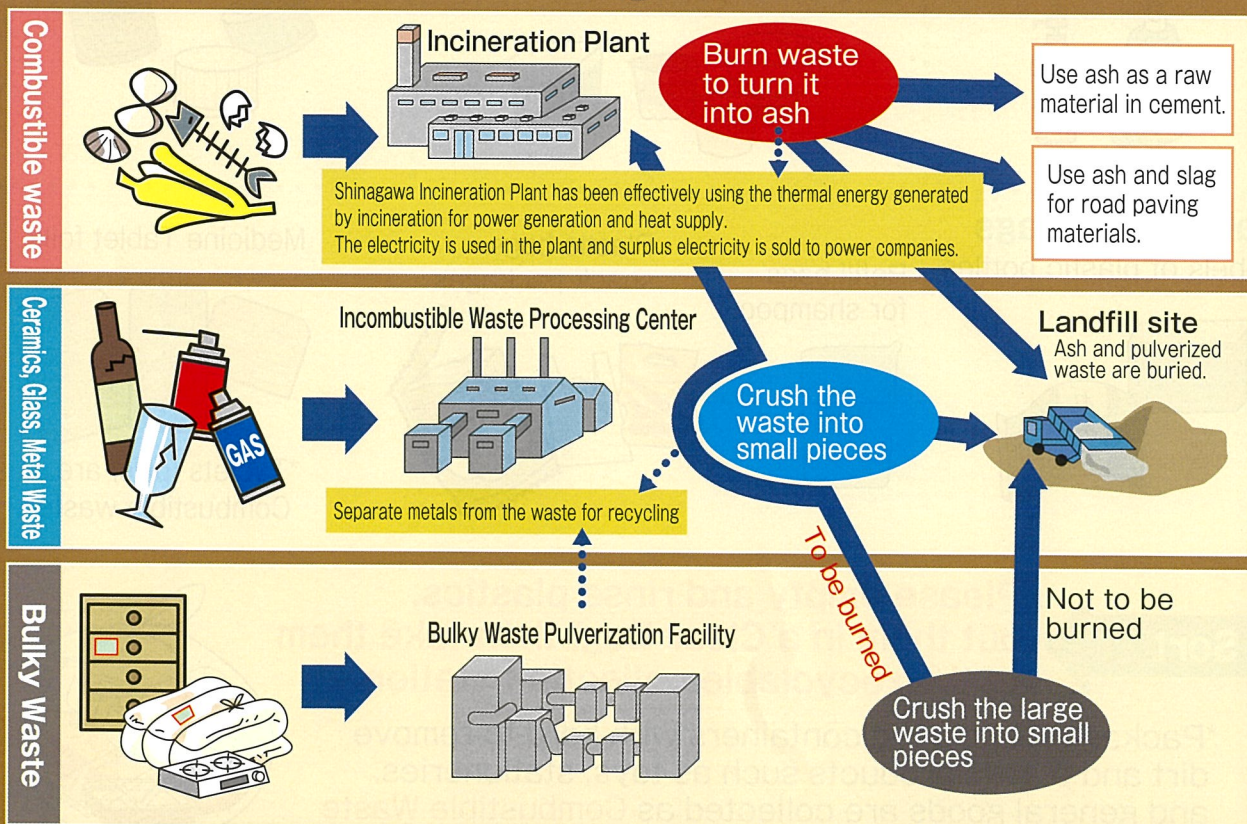

The recycling process (e.g. Plastic bottles and Packaging of plastic containers.)

The process of making recyclables into products

Recyclable items are collected, (1) sorted (to remove unacceptable items by hand), (2) compressed/packed (to facilitate delivery), then transported to the recycling plant and formed into materials of new products.

Processing of waste

Recyclables

(Pickup at the recyclables collection station)

Once a week

- Please **clean** the recyclable items and **sort them by type**, then take them to **the recyclables collection station**.
- Be sure to put them out before **8 a.m.** on the collection day.
- The pickup time and collection vehicles vary depending on the type of recyclable items.
- Pick up service for the elderly: If your household has only elderly people (70+) or people with physical disabilities and you cannot take the recyclables to the station, please contact Shinagawa City Waste Collection Office.

Packaging of plastic containers

Packaging of plastic containers refers to the plastics that will be unnecessary when you use up the contents.

 **Plastics with this mark are recyclable**

Containers

Eggs, tofu, miso containers, and bento containers

Trays

Meat, fish, and vegetable trays

Cushioning materials, styrene foam, etc.

Styrene foam, nets for fruit, bubble wrap, etc.

Bottles

Shampoo and detergent bottles, etc.

Cups

Cup noodle, yogurt, pudding, jelly containers, etc. (except for paper cups)

Caps

Caps for plastic bottles

Labels and bags

Labels of plastic bottles

Refill bags for shampoo

Plastic bags, snack packages

Medicine Tablet foils

*Tablets (pills) are Combustible waste

Sort

Please empty and rinse plastics, put them in a Clear Bag, then take them to the recyclable collection station.

*Packaging of plastic containers with hard-to-remove dirt and plastic products such as toys, stationeries, and general goods are collected as **Combustible Waste** (see page 7)

Plastic bottles, glass bottles, cans

Remove the caps and labels and put them into **packaging of plastic containers** (see page 3)

Remove the caps, sort them by material and put them into **ceramics, glass, metal waste** (see page 8) or **packaging of plastic containers** (see page 3)

Ring pulls and caps can remain on cans

Sort

Rinse items, separate them into plastic bottles, glass bottles or cans, and put these into separate clear bags or containers.

Please take 1.8L bottles and beer bottles to the shop where you purchased them.

*Oil bottles, and bottles for other than food and beverages

(e.g., cosmetics bottles) should be put into **ceramics, glass, metal waste**. (see page 8)

Recyclable paper (newspapers, cardboard, magazines, etc.)

Newspapers and inserted flyers

Cardboard boxes

Flatten them

Magazines, books

Cartons

Rinse, flatten and dry them

Paper cartons with aluminium foil inside are combustible waste!

Other recyclable paper

Other recyclable paper is:

paper that is to be the raw material for recycled paper, such as confectionery boxes, tissue boxes, paper bags, brochures, copy paper, wrapping papers, calendars, envelopes, and so on.

Remove the plastic, and put it into **packaging of plastic containers** (see page 3)

Remove the handle if it is not paper, put it in **combustible waste** (see page 7)

Remove the metal part, put it in **ceramics, glass, metal waste** (see page 8)

Sort

Separate the items by type and tie them with string or put them in a paper bag.

Fluorescent lights

Sort

Put the item in the original box or wrap it in a newspaper or paper to avoid damage. Please place it horizontally at the recyclable collection station so that it does not break.

Please wrap the item in a newspaper or paper if it is broken, and label it with “キケン” (danger).

Mercury thermometers, mercury blood pressure meters

Sort

Put the item in its case.

Safety Notice

Products containing mercury cannot be processed at the incineration plant. Please be sure to separate them.

Batteries

Sort

Put them in a Clear Bag that allows the contents to be seen.

Safety Notice

Some batteries are not accepted for collection. Please check the battery type before you dispose of it. The batteries on the following list cannot be collected.

Batteries that cannot be collected at recyclable stations

Button batteries

Wrap a button battery in sellotape to insulate it, and then drop it off in the Button Battery Collection Bin in stores cooperating with the collection of used batteries. For more information about the stores, please visit the Button Battery Collection Promotion Center website.

<http://www.botankaishu.jp>

☎0120-266-205 [Office hours] 9 a.m. to 5 p.m. on weekdays

Small rechargeable batteries (lithium-ion, nickel-cadmium, and nickel hydrogen)

A number of fires occurred caused by rechargeable batteries, such as lithium-ion batteries, that were mixed in the waste. Please sort them properly.

The rechargeable battery must be removed from the device and placed in the Rechargeable Battery Recycling Box/Bin in your local electrical shops, supermarkets or bicycle stores.

For more information about locations, please visit the Japan Portable Rechargeable Battery Recycling Center (JBRC) website.

<http://www.jbrc.com>

☎03-6403-5673

[Office hours] 10 a.m. to noon. 1 p.m. to 5 p.m.

Devices containing rechargeable batteries

Shavers

E-Cigarettes

Cordless vacuum cleaners

Mobile batteries (Please do not disassemble)

Household printer ink cartridges (return project)

The collection boxes have been set up in 26 locations including City office, community centers, libraries, and gymnasiums. For more information, please visit the Shinagawa City website.

Printer ink cartridges by four manufactures, ●Brother, ●Canon, ●Epson, and ●HP Japan, only.

*Toner cartridges are not accepted.

Designated site collection

Small electronic devices, waste cooking oil, waste gardening soil, used clothing are collected at the following designated collection sites.

2nd and 4th Saturday every month
10 a.m. to noon

*Collection on rainy days and holidays as well

資源回収中

Do you want to start a group collection?

What is group collection?

Rewards are given for collection amount.

A group collection is an activity to reduce waste and make effective use of recyclable items. The group comprises residents involved in a town or community association, condominium management association, PTA, etc. The group determines the pickup date, time, and site for the voluntary collection of household recyclables, and passes them on to the waste collection providers.

Shinagawa City offers incentives and consumables to support groups engaged in recycling activities.

Consumables include cotton work gloves and polypropylene string.

*If you wish to start a group collection, please contact the **Recycling Promotion section** of Shinagawa City Waste Collection Office.

☎03-3490-7098

Combustible Waste

(Pickup at house-to-house)

Twice a week

- Put the waste in a Clear Bag that allows the contents to be seen.
- Also when you put the waste in bins with lids, put it in a Clear Bag that allows the contents to be seen.
- Up to 4 x 45-L bags per household can be put out for each collection.

Shinagawa City collects combustible waste **at house-to-house**.

If you are **a resident in a flat**, please put your waste out at the designated place within the grounds of the building.
If you are **a resident in a detached house**, please put your waste out at the designated place, such as in front of your house entrance or a gate.

*If you have moved into Shinagawa City, please contact Shinagawa City Waste Collection Office.

- Be sure put the waste out before **8 a.m.** on the collection day. Please put the waste out before 7:30 a.m. in the early morning collection area.
- Waste with a length **longer than 30 cm** will be collected as bulky waste.
- Pickup service for the elderly: If your household has only elderly people (70+) or people with physical disabilities and you cannot put the waste out, please contact Shinagawa City Waste Collection Office.

Packaging of plastic containers which cannot be cleaned

Items that can be cleaned by rinsing are **recyclables** (see page 3)

Other plastic products

CDs, video tapes, stationeries, household goods, toys, plastic or wooden coat hangers

Kitchen waste

Drain off the water

Cooking Oils

Soak oils into paper or cloth, or harden with a coagulating agent, or bring it to the designated collection site as **recyclables**. (see page 6)

Clothing that cannot be collected as recyclables

Socks, underwear, uniforms, school uniform, clothes with cotton wool or feathers inside (e.g. quilted down coats/jackets, quilted materials)

Paper that cannot be collected as recyclable paper

Receipts, photos, paper scraps, tissues, washing powder cartons, and aluminium coated paper

Rubber, leather products

If the metal accessories on an item cannot be removed, put the item as combustible waste. Removed metal accessories go as **ceramics, glass, metal waste** (see page 8)

Others

A small quantities of wood chips, grass clippings, flowers (less than 30 cm)

Desiccants
cooling agents

Diapers
(remove feces)

Unused
fireworks,
matches

Soak in water
overnight then
combustible waste

Collection at which fees are charged

Extra waste collection (household waste only)

If you have a large amount of waste at one time (5 x 45-L bags or more), for example, after pruning garden trees or when moving house, the pickup of the waste will be charged.

Deceased pets and other animals

Deceased pets and other animals such as dogs and cats can be picked up for the fee. Please apply to Shinagawa City Waste Collection Office. 3,000 yen per pet (less than 25 kg).

Ceramics, Glass, Metal Waste

(Pickup at house-to-house)

Twice a month

- Put the waste in a Clear Bag that allows the contents to be seen.
- Also when you put the waste in bins with lids, put it in a Clear Bag that allows the contents to be seen.
- Up to 4 x 45-L bags per household can be put out for each collection.

Shinagawa City collects ceramics, glass, and metal waste **at house-to-house**.

If you are **a resident in a flat**, please put your waste out at the designated place within the grounds of the building.

If you are **a resident in a detached house**, please put your waste out at the designated place, such as in front of your house entrance or a gate.

*If you have moved into Shinagawa City, please contact Shinagawa City Waste Collection Office.

- Be sure to put the waste out before **8 a.m.** on the collection day.
- Waste with a length **longer than 30 cm** will be collected as bulky waste.
- Pickup service for the elderly: If your household has only elderly people (70+) or people with physical disabilities and you cannot put the waste out, please contact Shinagawa City Waste Collection Office.

Ceramics, Glass

Metal Items

Safety Notice Please wrap knives, glass, mirrors, and other dangerous items in a newspaper or paper, and label them with “**キケン**” (Danger).

Gas cylinders, spray cans, lighters

Safety Notice

- Please empty the contents.
- If the contents are still left in the product, then please label the bag with “**中身入り**” (Not emptied).
- Please separate them from other ceramics, glass and metal items and put them in a separate bag.

Small home appliances

Items with one side longer than 30 cm are bulky waste (see page 9)
Small electronic devices can be collected at the designated site collection. (see page 6)

Light bulbs, LED lights

Fluorescent lights are **recyclable**. (see page 5)

Business Waste Management (Contract with authorized providers)

In principle, offices and retail stores must manage their business waste and recyclables. Please contract with an authorized waste collection provider. If you cannot manage your business waste, please purchase the “Shinagawa City Business Waste Collection Tickets”, and then attach the ticket to the waste for collection. For business waste recycling, please use the “Business Waste Recycling System”.

Shinagawa City Business Waste Collection Tickets

Tickets	Price
10 L (10 tickets/set)	760 yen
20 L (10 tickets/set)	1,520 yen
45 L (10 tickets/set)	3,420 yen
70 L (5 tickets/set)	2,660 yen

Business Waste Recycling System

This is a low cost collection system for “recyclable” generated by the business activities of offices and retailers.

Collectable items include: newspapers, magazines, cardboard, other paper, shredded paper, cans and bottles for food or beverage

Shinagawa City Recycling Business Cooperative KAMUZU

☎03-3494-8685 FAX 03-3779-3238

Household Bulky Waste

- Prior application and fees required
- Bulky waste from business is not accepted

Bulky waste requires prior application and fees. Household waste such as furniture, bedding, and electric appliances with one side longer than 30 cm will not be collected on usual collection. Even if the item is disassembled, if the original length was longer than 30 cm, it is generally considered to be "Bulky waste".

Apply to: **Shinagawa City Bulky Waste Application Center**

☎03-5715-1122

[Office hours] 8 a.m. to 9 p.m.

Open on public holidays

Closed on Sundays and New Year holidays

Online

<https://www2.sodai-web.jp/shinagawa>

Applications are acceptable 24 hours.

Please visit the website.

*For information about classification of bulky waste, please visit the website.

Pickup by Shinagawa City

Application

Telephone or online

*Pickup dates, fees, and an application number will be provided when you apply for the collection.

Buy tickets for Shinagawa City bulky waste pickup

Please purchase **Shinagawa City Waste Pickup Ticket** at shops or convenience stores in Shinagawa-ku that show the sticker below.

- * Waste pickup tickets of other cities are not usable.
- * Fill in the pickup date and the application number on the ticket.

On the day of collection

Attach the ticket to the item and put it out at the designated place (e.g. at the entrance) before 8 a.m. on the collection day specified by the Application Center.

On the day you bring the item to the center

Attach the ticket to the item and bring it to the Shinagawa City Recycling Center on the Sunday specified by the Application Center.
(Between 9 a.m. and 4 p.m.)

(1) ID check
(driver's license, etc.)
(2) Proceed to the site to drop-off the item.
(3) Unload the bulky waste from your car.

Drop-off Site on Sunday

Shinagawa City Recycling Center
1-4-1, Yashio, Shinagawa-ku

Observe the traffic rules for your safety!

Assistance putting out bulky waste

Shinagawa Office ☎03-3490-7051

Ebara Office ☎03-3786-6552

The staff will visit your home and put out the bulky waste for the households of only elderly people, aged 65 and over, or people with physical disabilities who have no family members or helpers in Shinagawa City or nearby.

Upon application, we will ask about how difficult the situation is for the carrying of large items.

*We may decline your application if the bulky waste is due to moving house, or your preferred pickup date is too soon.
